

March 13 Public Meeting: Designing the University Park Veterans Memorial

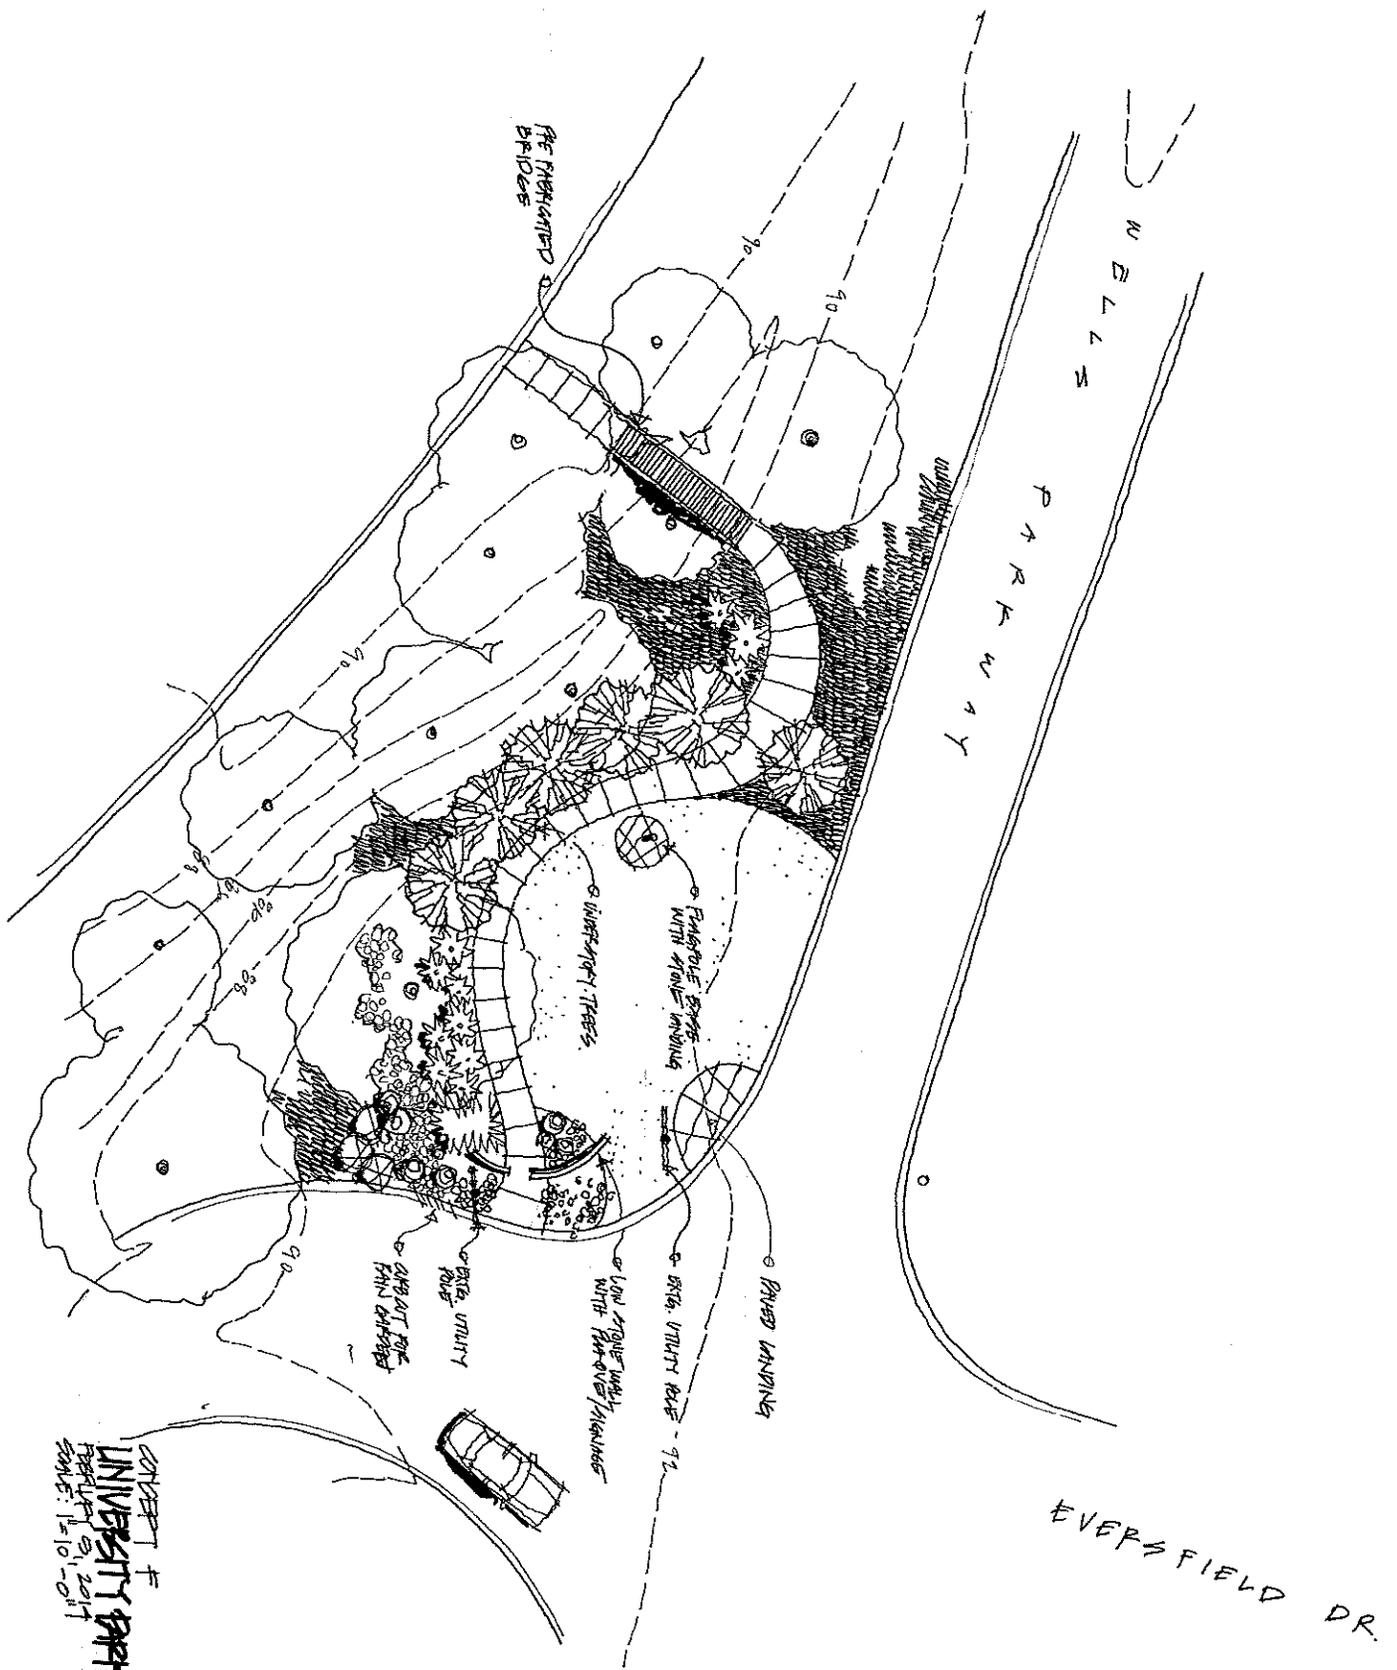

On March 13, the University Park Veterans Memorial Design Advisory Committee will present a design concept for a Veterans Memorial in University Park, for community review and discussion. The Committee developed the design concept as a result of a community design Charette held last November. This will be your opportunity to see what is being proposed, and to discuss it with the Committee before it recommends a design concept to the Council.

The meeting will be in the Media Center at University Park Elementary School, beginning at 7:30 p.m. on March 13. Public comments during this meeting will be used to further the design for approval by the Council in late spring. This will lead to final construction documents that will be put out to bid this summer. On that schedule, the Veterans Memorial would be constructed in the fall. The Council-designated site for the University Park Veterans Memorial is at the intersection of Wells Parkway, Clagett Road, and Eversfield Street. For more information, contact Stephen Cook, Chair, Veterans Memorial Design Advisory Committee (cook@vika.com).
