4. UPDATE OF ZONING ORDINANCE IN PRINCE GEORGE'S COUNTY

Presentation: Chad Williams, Brittany Drakeford, Prince George's County Planning Department.

The Prince George's County Planning Department is comprehensively rewriting the county's Zoning Ordinance and Subdivision Regulations, which determine how land or property in Prince George's County can be developed.

University Park residents have a critical stake in this rewrite because zoning and subdivision determines how land is used, how buildings are constructed, and what types of businesses are allowed in a community. Together, the zoning code and subdivision regulations establish fundamental aspects for our neighborhoods like walkability, building heights, streetscapes, police stations, schools, bike trails, even whether and how you can build a fence or deck.
