

Important Notice

Call the NEW Bus Status Recorded Line (240) 297-8287 to find out if the Town Shuttle Bus is operating or to leave a message for us regarding the bus. Tip: Put this telephone number on your cell phone. This bus status recording will be updated as needed due to changing conditions.

Our policy is: Town Shuttle Bus operations to and from Metro during winter conditions will seek to parallel the operating status of federal government offices in the area. Therefore, follow news media reports regarding the operating status of federal government offices within the Washington Beltway as the best indicator of whether the Town Shuttle Bus is operating.

- If federal government offices are closed due to winter conditions, the Town Shuttle Bus will not operate.
- If federal government offices are open, even if on delayed arrival, the Town Shuttle Bus will operate on its established route and schedule so long as we deem the conditions safe for it to do so.
- If federal government offices are open and announce early dismissal, the Town Shuttle Bus will operate on its established route and schedule so long as the conditions are deemed safe by the Town.
